**THIS is the Wine Trip that we would make even without you.** Its our spring trip to learn and enjoy. But we want to share it with you. Its the caliber of wine, the incredible connections with the people who make wine, and the places that YOU need to see and understand if you want to enjoy more about wine.

We'll visit tiny family owned wineries and the big boys who ship all over the world. You'll get to talk to not just tasting room staff, but **WINE MAKERS** and **OWNERS** that will give you the inside scoop on the incredibly delicious Oregon wine world.
